9 C.F.R. § 3.89(a) Food and water requirements.

Each nonhuman primate that is 1 year of age or more must be offered food at least once every 24 hours. Each nonhuman primate that is less than 1 year of age must be offered food at least once every 12 hours. Each nonhuman primate must be offered potable water at least once every 12 hours... These time periods apply to carriers and intermediate handlers starting from the date and time stated on the certification provided under § 3.86(c) of this subpart. Each nonhuman primate must be offered food and potable water within 4 hours before being transported in commerce. Consignors who are subject to the Animal Welfare regulations (9 CFR parts 1, 2, and 3) must certify that each nonhuman primate was offered food and potable water within the 4 hours preceding delivery of the nonhuman primate to a carrier or intermediate handler for transportation in commerce, and must certify the date and time the food and potable water was offered, in accordance with § 3.86(c) of this subpart.

Air Transport International, Inc. (ATI) failed to offer water to nonhuman primates at least once every 12 hours from the last time the nonhuman primates received water prior to transportation in commerce. ATI transported 1098 nonhuman primates on a 23-hour flight from Guangzhou, China, through Anchorage, Alaska, to Houston, Texas. The crate configuration in the cargo area of the plane prevented some of the nonhuman primates from receiving water.
